

DSP165HD

80W Waterproof Horn Speaker

Description

This waterproof horn speaker with an all-aluminum alloy structure is designed for high-power output and wide coverage, perfect for outdoor spaces like squares and railway stations.

Features

- 70/100V RMS 80W.
- Impedance: 400Ω/200Ω/100Ω/50Ω.
- Frequency response: 400Hz-8kHz; Sensitivity: 110±2dB.
- Waterproof horn speaker.
- Equipped with brackets.

Specifications

Model	DSP165HD
Rated Power	80W
Line Voltage	70V/100V
Impedance	400Ω/200Ω/100Ω/50Ω
Frequency Response	400Hz-8kHz
Sensitivity	110±2dB
Waterproof Level	IPX6
Dimensions	Φ500×485mm
