

## DSP3111C

### 2.5" 15W Ceiling Speaker with Cover

#### Description

DSP3111C 15W Ceiling Speaker with Cover features a powerful 2.5" full-range speaker with a passive radiator, housed in a robust, all-aluminum enclosure for superior sound quality and durability. This speaker delivers rich, clear audio with impressive bass response, ensuring every note is heard with exceptional clarity. The DSP3111C includes an optional grille with a sophisticated etched pattern, secured by powerful magnets, adding a touch of elegance. It seamlessly blends form and function, providing exceptional sound without compromising your decor. Upgrade your audio experience with the DSP3111C - the perfect combination of style, performance, and versatility.

#### Features

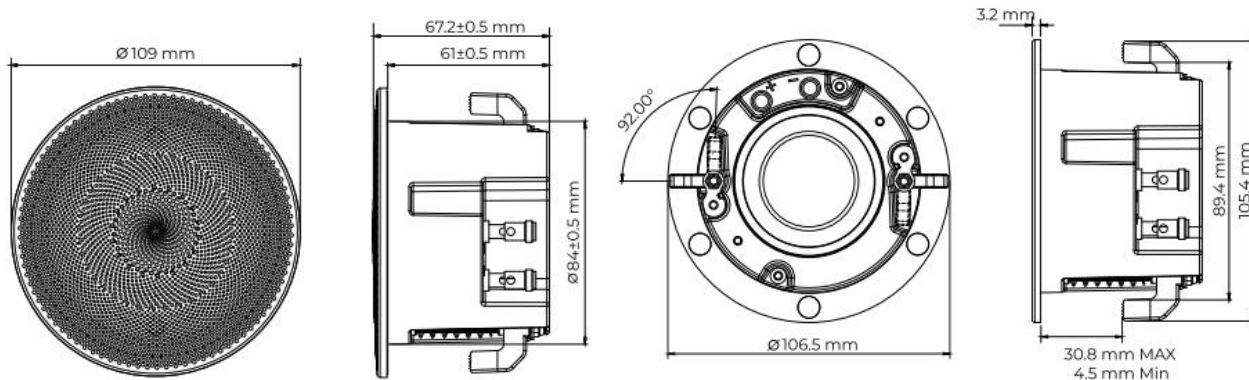

- 2.5", 15W Ceiling Speaker, 4Ω ;
- Sensitivity (1m,1W): 82dB±2dB;
- Freq. Resp.: 115Hz~20kHz
- Max. SPL: 92dB±2dB
- Stainless Iron Grille + Aluminium Alloy Enclosure;
- Installation Hole: Ø87mm,D: 65mm
- Product Size: Ø109mm,D: 67.2mm
- Product Weight: 0.39kg

#### Specifications

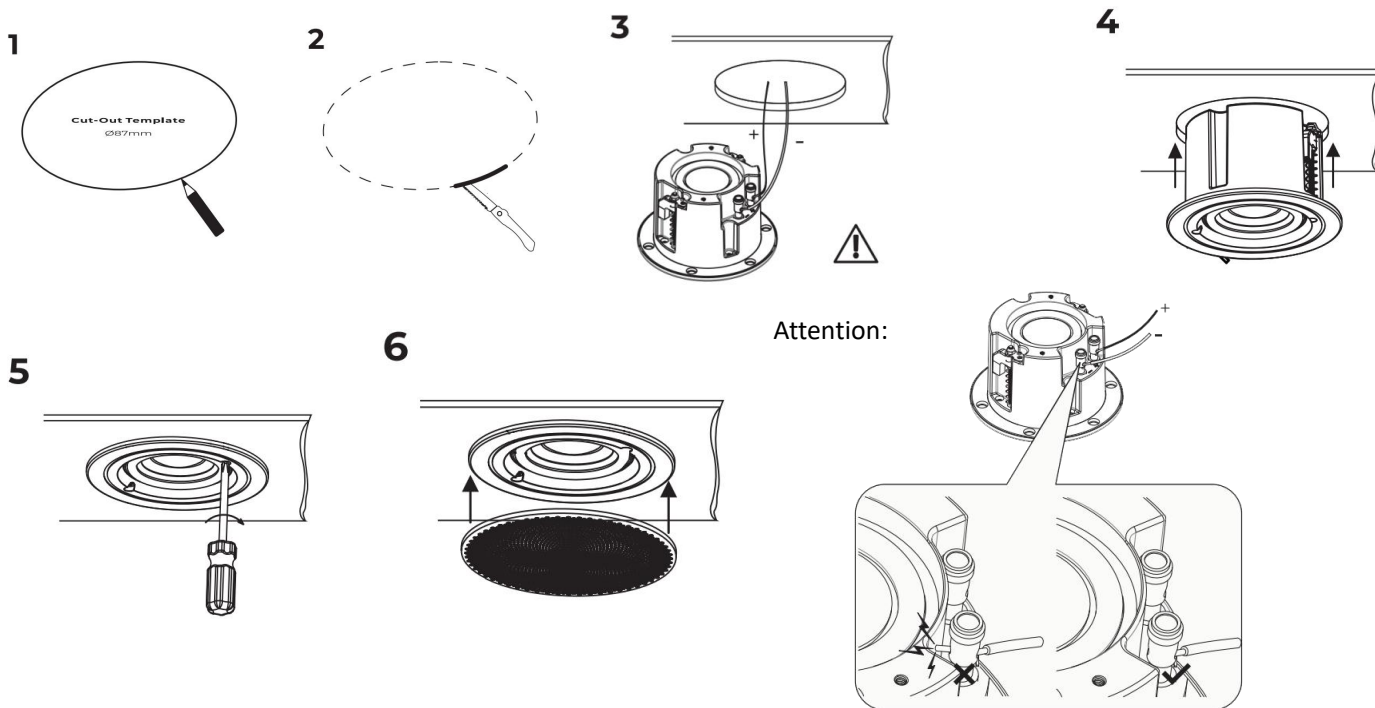

Model	DSP3111C
Driver Unit	2.5" ×1
Rated Power	15W
Impedance	4Ω
Frequency Response	115Hz-20kHz
Sensitivity (1W, 1m)	82dB±2dB

Max. SPL	92dB±2dB
Cutout Diameter (Diameter×Depth)	∅187×65mm
Product Size (Diameter×Depth)	∅109mm×67.2mm
Grille Material	Stainless Iron
Enclosure Material	Aluminium Alloy
